INCOGNITO

Calling into his hometown heritage radio station, Foxie 105 WFXX-FM frequently to represent his high school during the morning show strategically set him up for the opportunity of a lifetime. A radio personality at the time introduced "InCognito" to Michael Soul, Program Director, where he established his start in his unforeseen career at the age of 16. He then worked hard to establish himself as a strong radio talent. His night show Posted on the Corner (POTC) has been consistently crowned the #1 Night Show (Monday-Friday) and his career continues to break records within the markets where he is heard.

DJ MISSES

Cleveland native DJ Misses' passion for music emerged early in life, from singing in the choir to making mix CDs for friends growing up but attending Central State University is where she began to take DJing seriously. She's DJ'ed for celebrities such as Khloe Kardashian, Tristan Thompson, Teyana Taylor, and more.

DJ HAZMATT

DJ HazMatt is a Radio One veteran DJ and personality, mixing for multiple markets and formats. HazMatt, who also delivers a daily segment for the nationally syndicated television show Dish Nation, gives the current sports news daily via the Sports Minute on the POTC show and serves at the show's Executive Producer.
